*Menasha Wrestling Club  
Youth Head Coach*

## **ABOUT THE COACH**

---

I have been driving dump trucks for two years at Radtke Contractors. Before driving I grew up on and currently live on our family farm. I volunteer at church as an usher and choir member. I also help with different youth programs.

## **PERSONAL WRESTLING HISTORY**

---

I started wrestling in seventh grade. I wrestled six years for Menasha where I qualified for sectionals three times and placed fourth my junior year.

## **COACHING GOALS**

---

- Teach the correct concepts and fundamentals.
- Instill the need for conditioning, effort, accountability.
- To develop a passion for the sport for each wrestler.
- I want our team to recognize they are part of a team of wrestlers.

## **COACHING ACCOMPLISHMENTS**

---

I have helped young wrestlers learn the concepts of discipline, sacrifice, and of hard work reaping rewards. Last year the youth program sent three wrestlers to youth state.

## **COACHING HISTORY**

---

I have been a volunteer coach periodically after I graduated from Menasha High School. I became the head coach for the youth program during the 2018 2019 season.
